

CRAPS STRATEGY CARD

THE BEST ODDS IN THE HOUSE · BET THE LINE, BACK IT WITH **MAX ODDS**

THE PLAY

- 1 Bet the **Pass Line** before the come-out roll (table min). Win on 7 or 11.
 - 2 A point is set (4,5,6,8,9,10)? Put the **max odds** behind it and say "odds." The only bet with a **0%** house edge.
 - 3 Add **Come** bets to work more numbers — same rules, same odds.
- Odds pay: $4/10 = 2:1$ · $5/9 = 3:2$ · $6/8 = 6:5$
- ♦ Prefer the **Don't** side? Don't Pass + laying odds is a hair cheaper — but you're against the table.

HOUSE EDGE, BEST → WORST

Pass + 3-4-5× odds	0.37%
Don't Pass + odds	0.27%
Pass / Come	1.41%
Place 6 or 8	1.52%
Field	2.8-5.6%
Any 7	16.7%

NEVER BET THESE

Any 7 · hardways · hop & prop bets · Big 6/8 · **crapless craps**. The flashy center of the table is where money goes to die.
