

ROULETTE STRATEGY CARD

THE WHEEL YOU CHOOSE IS THE WHOLE GAME

THE PLAY

- 1 Play a **single-zero** (European) wheel — one green pocket, not two.
- 2 Look for **La Partage / En Prison**. It halves the edge on even-money bets.
- 3 No system beats the wheel. Martingale, “due” numbers, hot streaks — all myth.
- 4 Even-money bets (**red/black, odd/even, high/low**) = smoothest ride. Inside bets pay more but swing harder.
